

BROVEK™

**FUELING GRIT
POWERING
PROGRESS.**

// BROVEK PRODUCTS

The IPS Tank from Brovek is a fully transportable, double-walled fuel storage system designed for safe, efficient on-site fueling and auxiliary supply. They are also Approved: UL 142, Can/ULC-S601, Transport Canada. Engineered with environmental responsibility in mind, it provides a robust solution for fueling multiple pieces of equipment simultaneously-helping you extend run times and reduce downtime.

FUEL UP WITH TANK FACTS

ENVIRONMENTALLY SOUND

Double-walled construction with 110% containment eliminates the need for external spill pans. UL 142 certified for peace of mind.

TRANSPORT SAFE

Built for mobility with full-load lifting eyes, four-way forklift pockets, and internal baffles that allow safe handling even when full.

SECURABLE & READY

Our lockable cabin safeguards fuel, ports, and equipment.

MAINTENANCE COMPLIANT

Features a removable inner tank for easy cleaning, maintenance and inspection.

JOBSITE SOLUTIONS THAT WORK.

STARTA 60 Fuel Tank

SPECIFICATIONS

- › NOMINAL CAPACITY: 600 L
- › WORKING CAPACITY: 550 L
- › DRY WEIGHT: 850 LBS
- › FULL WEIGHT: 2000 LBS
- › DIMENSION LENGTH: 50.25"
- › DIMENSION WIDTH: 50.25"
- › DIMENSION HEIGHT: 42.6"

STANDARD FEATURES

- › 3" Fill Neck
- › Two quick coupler connections
- › Relieve valve
- › Lockable Storage

BENEFITS

- › Double-walled, 110% containment
- › Transportable
- › Lockable lid to protect contents
- › Stack 2 tanks full of fuel for improved storageSupplies up to three pieces of equipment simultaneously
- › Manway is removable for internal tank maintenance and cleaning
